

October 16, 2018

Dear Lake Resident,

As an option for the 2019 season, PLM Lake & Land Management is offering a lily pad treatment program to supplement the weed treatments at Pinehill Lake. Lily pad treatments on an individual resident basis are not currently part of the program. Lily pads require special permitting from the State of Michigan and can only be treated in 40 ft X 40 ft, or similar sized area at each residence requesting treatment. Boat lanes to open water may also be considered for this type of treatment. The lily pad treatment program is intended for properties whose lake access is impeded by an abundance of lilies and not for esthetic grooming of Lake Frontage. The additional cost to take part in the lily pad treatment program is \$150/residence. This fee includes a minimum of two treatments of lily pads during the 2019 summer. The initial treatment will be planned for June with a follow-up during July/August.

If you would like to participate please fill out the form at the bottom of this page and send to the stated address with your check. If you have additional questions, please contact James at 800-382-4434 ext. 2102.

Sincerely,

James Scherer  
Assistant Regional Manager  
PLM Lake & Land Management
